2. INVESTIGATIONAL PRODUCT

Parameter	Description
Product reference	SCULPTIS ALAKFORMÁLÓ MASSZÁZSOLAJ
Intended use	The product is intended for the body care.
Method of use	Apply daily, to clean, slightly damp skin. Apply to the desired area, then massage in using circular motions with moderate pressure. For best results, combine with regular exercise and a balanced lifestyle. 1x daily. Avoid contact with the eyes!

Contraindications for use of the product are: acute inflammation of the place of application, requiring pharmacological treatment and allergy recognized or hypersensitivity to any of its ingredients.

Regulation (EC) No 1223/2009 of the European Parliament and of the Council of 30 November 2009 on cosmetic products.

J.S. HAMILTON POLAND Sp. z. o.o.
TESTING LABORATORY
ul. Chwaszczyńska 180, 81-571 Gdynia, Poland, tel. +48 58 766 99 00

3. STUDY DESCRIPTION

3.1 Aim of the study

Confirmation/exclusion of the declared properties of the product.

3.2 Study duration

28 days (+/- 2 days)

3.3 Testing methodology

3.3.1 In use test

The use test was conducted at home under dermatological control. The study concerned on:

- assessing the impact of product on tolerance at the application site as a regular application of the product, according to the purpose and use of the specified time (repetitive test);
- research to confirm or exclude the properties claimed for the cosmetic product.

The Evaluation Questionnaire form, the characteristics of the panel and number of subjects were in line with Client's requirements. The product was applied by the subjects in accordance with the declared method of use.

Declarations will be confirmed only if the ratio of the received positive responses to the total number of subjects participating in the study will be above 50%.

TESTING LABORATORY
ul. Chwaszczyńska 180, 81-571 Gdynia, Poland, tel. +48 58 766 99 00

4. DESCRIPTION OF SUBJECT

CRITERIA	Amount of subjects:	25
	Gender:	Women, men
	Age:	18+
	Body skin type:	All

The qualified subjects received the tested product, specially developed questionnaire and were obliged to:

- regular use of the product according to the method of use,
- during the test, no other products with similar effects must be used,
- a detailed evaluation of the tested product using the received questionnaire,
- in case of any side effects at the application site, they should immediately stop using the product and consult a specialist at J.S. Hamilton Poland.

The test results may be affected by such factors as:

- type and condition at the site of product application,
- inter-individual genetic characteristics,
- individual preferences of subjects.

5.2 Assessment of the product impact on tolerance at the site of application (repetitive application)

On the basis of interviews collected from subjects it was found, that the tested product **SCULPTIS ALAKFORMÁLÓ MASSZÁZSOLAJ** was very well tolerated at the site of product application. In all subjects, who completed the study, the interview revealed there was no negative symptoms and feelings that might indicate an intolerance to any component of the product, such as irritation, burning sensation, redness or itching. The product did not cause dryness at the site of application in any subjects.

The results obtained in the test allow to conclude, that the product used as intended is very well tolerated by the people, in whom there is not a contraindication to it use.

5.3 Assessment of the marketing declarations claimed for the cosmetic product

Based on the results of use test, properties of **SCULPTIS ALAKFORMÁLÓ MASSZÁZSOLAJ** declared by the Client were assessed as follows:

The product leaves skin visibly nourished and soft to the touch.	100%	positive responses
The product leaves a pleasant feeling of warmth after application.	100%	positive responses
The product is suitable for daily use.	100%	positive responses
The product has helped me introduce massage into my routine.	100%	positive responses
The product makes skin visibly smoother to the touch.	100%	positive responses
The product makes skin visibly firmer in the areas where the product is applied.	100%	positive responses
The product makes the skin visibly more elastic during use.	100%	positive responses
The product makes the skin visibly more even-toned and smoother.	100%	positive responses
The product visibly reduces cellulite.	100%	positive responses
The product makes the skin look healthier.	100%	positive responses
The product has visibly helped with the care of problem areas.	100%	positive responses

Moreover:

Appropriate fragrance of the product.	88%	positive responses
Appropriate intensity of the fragrance of the product.	88%	positive responses
Appropriate appearance/functionality of the product.	100%	positive responses
Appropriate consistency of the product.	100%	positive responses
Appropriate application of the product.	100%	positive responses
Appropriate spreadability of the product.	100%	positive responses
Appropriate absorbing of the product.	100%	positive responses
Appropriate efficiency of the product.	100%	positive responses
Appropriate texture of the product.	100%	positive responses
The product is pleasant to the touch.	100%	positive responses
The product does not leave a greasy film.	88%	positive responses
The product has a pleasant texture for massage.	100%	positive responses
Appropriate texture of the product.	100%	positive responses
Overall assessment of the product.	100%	positive responses
Product rating compared to other products.	100%	positive responses
Intention of buying the product.	100%	positive responses
Recommendation this product to a friend.	100%	positive responses

Answers on all questions are presented in the Appendix **7.1.** and **7.2.**

6. CONCLUSION

Under these study conditions, after 28 days of regular application, it is concluded that the product **SCULPTIS ALAKFORMÁLÓ MASSZÁZSOLAJ:**

- was tested under dermatological control,
- was used by 25 volunteers,
- was used for 4 weeks,
- was very well tolerated at the application site
- properties declared by the Client have been confirmed based on a subjective questionnaire:
    - The product leaves skin visibly nourished and soft to the touch.
    - The product leaves a pleasant feeling of warmth after application.
    - The product is suitable for daily use.
    - The product has helped me introduce massage into my routine.
    - The product makes skin visibly smoother to the touch.
    - The product makes skin visibly firmer in the areas where the product is applied.
    - The product makes the skin visibly more elastic during use.
    - The product makes the skin visibly more even-toned and smoother.
    - The product visibly reduces cellulite.
    - The product makes the skin look healthier.
    - The product has visibly helped with the care of problem areas.

7.2 Summary of the open questions

SUBJECT'S NO	SCULPTIS alakformáló masszázsolaj	
	What was your most positive experience with the product?	Please describe in one sentence why SCULPTIS is worth trying.
1	Effects	A pleasant warm sensation during product application.
2	Regular body massage	This product will make massaging your skin a pleasure.
3	Visible effects after regular use	Visible results of smoother and firmer skin.
4	Skin warming sensation	Your skin will become firmer.
5	Visible effects of firmer and smoother skin	After regular use, you'll see the effects of the product.
6	Smoother skin	Skin becomes smoother and firmer.
7	Easy product distribution, anti-cellulite effect	This product will make your skin firmer and smoother.
8	Visibly smoother skin	This product makes your skin firmer.
9	Warm feeling during application	If you're looking for an effective skin contouring product, this is the product for you.
10	Easily visible effects	See visible improvements in skin texture and tone.
11	-	Enjoy smoother, firmer-looking skin day after day.
12	Regular body massage	This formula helps support a firmer-looking appearance.
13	Visible effects	Skin feels smoother to the touch after regular application.
14	Skin warming sensation	The product helps improve the appearance of skin elasticity.
15	Visible effects of firmer and smoother skin	Achieve a more sculpted and toned-looking appearance.
16	Smoother skin	Designed to help enhance the appearance of skin contours.
17	Anti-cellulite effect	An ideal choice for those seeking smoother, firmer-looking skin.
18	Firmer skin	Perfect for anyone looking to improve the appearance of skin firmness.
19	Cellulite reduction	Support your body-care routine with a product that helps skin look toned and smooth.
20	Easily visible effects	Discover visibly smoother, firmer-looking skin with consistent use.
21	-	This product helps reveal skin that looks more refined and toned.
22	Body massage during application	Enhance the appearance of your skin with a formula designed for firmness and smoothness.
23	Visible effects after regular use	For skin that looks smoother, firmer, and more revitalized.
24	Warm feeling during application	The pleasant warming effect enhances the application experience.
25	Effects	Make your daily skincare routine more enjoyable with this product.
